

## Cycle routes from Kingham Station

# Cycle Route 4: Cotswold Line Explorer: Moreton-in-Marsh

This is a great route up over Chastleton Barrow passing Chastleton House then the Rollright Stones. Catch the train back or return gently along the Evenlode Valley visiting Evenlode and Adlestrop. A few climbs.

**Grade:** Medium, a few sharp/long climbs

**Time:** 3-4 hours

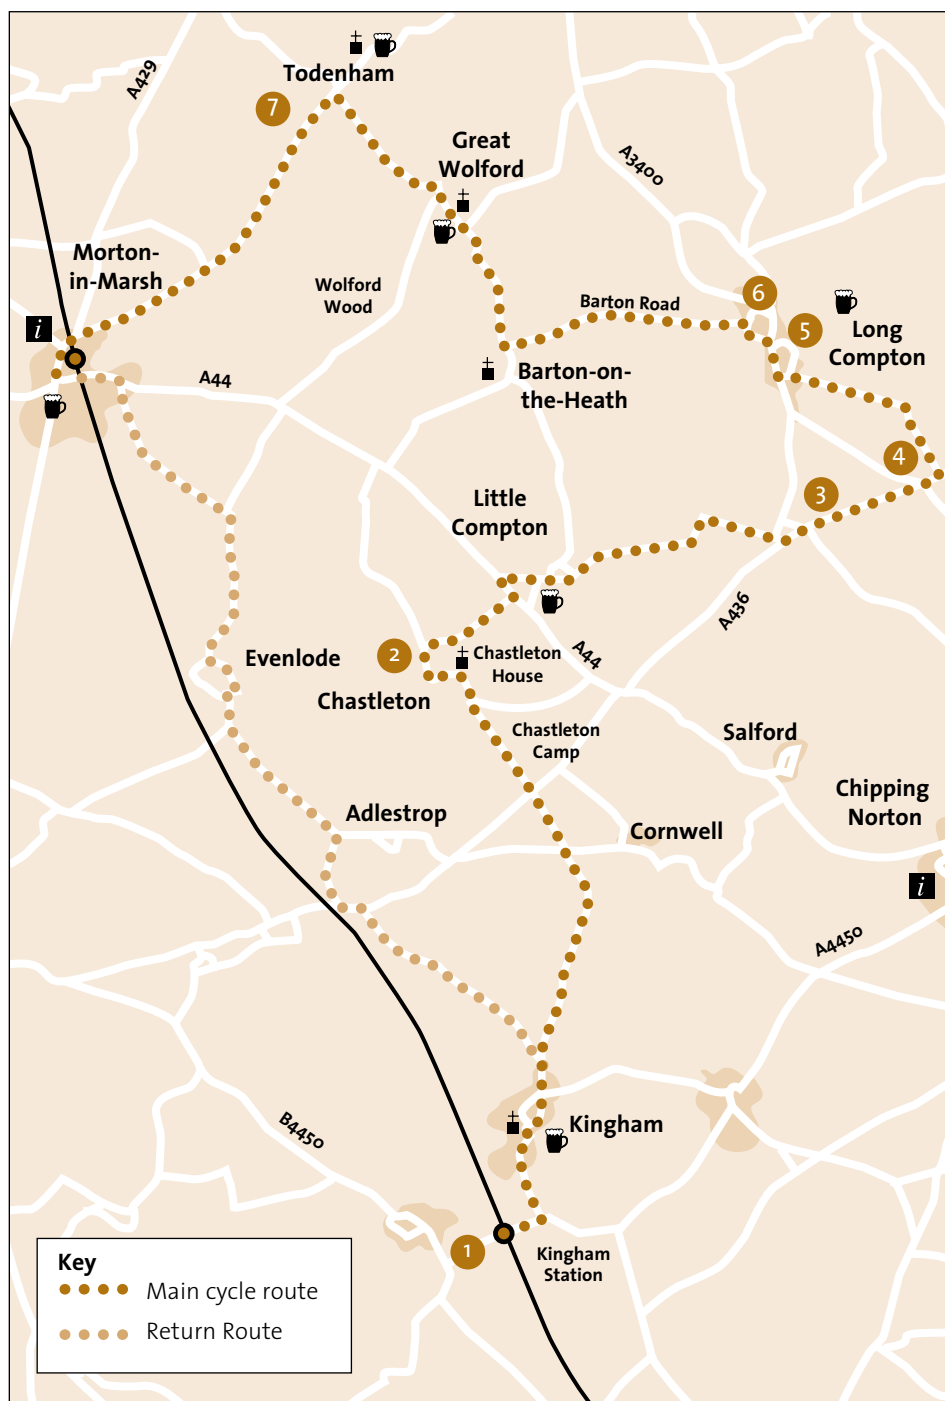

**Distance:** 30km/19 miles

**Stops/pubs:** Pub and shops in Long Compton (return route includes organic farm shop and café at Daylesford).  
Pub and shop at Kingham

**Attractions:** Chastleton House  
(National Trust), Rollright Stones

### Highlights

- Kingham was voted 'England's Favourite Village' in 2004 by Country Life magazine.
- Chastleton House is a marvellously unspoilt Jacobean manor house, one of the finest of its kind, with a collection of furniture and other effects belonging to the family who occupied it for almost 400 years until 1991 when the property came into the care of the National Trust. The house is open to the public between April and October. Advance bookings recommended.

### Moreton-in-Marsh

The town has a long and wide high street, a clue to its origins as a planned market town of the 13th century. Today Moreton is still a market town, boasting every Tuesday the largest open air street market in the Cotswolds. There are some fine buildings, including its rare Curfew Tower which still has its original clock and bell, dated 1633. Houses and shops of the 18th and 19th centuries line the high street, and in the centre is the Redesdale Hall, dating from 1887, the town's main public hall. The annual Moreton Show is a major celebration of past and present farming life in this area, which has a delightful feel of several counties still mixed together here at the northern edge of the Cotswolds.

### Chastleton Camp

Nearby is a fine example of an Iron Age hillfort. The ramparts are now heavily wooded but still clearly visible and offers excellent surroundings views. Once they would have protected a small community but now provide shelter to cattle sheep.

### The Cotswolds National Landscape

This route takes you through part of the Area of Outstanding Natural Beauty. The Cotswolds was designated an Area of Outstanding Natural Beauty (AONB) in 1966 in recognition of its rich, diverse and high quality landscape. It is the largest of 38 AONBs in England and Wales, covering 790 sq miles, stretching from the City of Bath and Wiltshire in the south through Gloucestershire and Oxfordshire to Warwickshire and Worcestershire in the north.
