24/04/2019	Complaint	Self Guided Walks	Email		<p>We managed to navigate this route via the Cotswold Way despite your erroneous initial directions, which led us on a wild goose chase. The directions start at St John's Church in Old Sodbury by telling us to go through the Churchyard and then</p> <p>"Through the gate bear diagonally right on the grass towards (but not through) a kissing gate 1 in the hedge at the bottom. Here turn right on a level grassy path and follow a line of overhead cables, keeping to the right of a pond. Carry on through a series of gates"</p> <p>But this is completely wrong. Does anyone actually check these descriptions?</p> <p>For the record, although we found the kissing gate referred to, there is only one signposted footpath there. That involves going through this gate. On the other side of this gate there is a level grassy path and a line of overhead cables – is this what you are intending to refer to?. If one does progress through the gate there is then nowhere to turn right. It is impossible to follow the directions as stated. There is no level grassy path before proceeding through the said gate and no overhead cables there.</p>	Yes	RJ Trails and Access Officer responded and reviewed the walk.

17/05/2019	Complaint	Discoverer Pass	Email		<p>I'm a tourist traveling via bus around cotsworld, I bought the discovery pass two days in a row and has been refused services throughout my trip, yesterday by buses 801 855 at various stops and today by bus 69 at Tetbury.</p> <p>I am requesting a refund since this has created tremendous inconvenience. I didn't bring enough cash for me to buy ticket on board so now I'm stuck in Tetbury for at least 2 hours and I don't even know if I can get back if the bus driver continues to refuse service.</p> <p>Here is the pass i bought today and a picture of where I was refused service by the 9:08 bus driver going to Stroud. Please coordinate and educate your bus companies and drivers because this has been indeed very frustrating.</p> <p>For the refund. I have an international card or I can ask my friend who is living in UK for her UK bank info. Thank you.</p>	Yes	Operator contact numbers provided to Lingzi Luo, Pulhams, Stagecoach West and GWR were forwarded complaint email by AH Communications Officer

01/07/2019	Compliment	Rural Skills	Email		Skanska corporate training day, Burford Whitehill Quarry (26/06/2019): Thanks Ed, very helpful. I'm on holiday from tomorrow, back on 15th July in case Becky doesn't hear back from me promptly. However, the experience last week made me realise I'd really like to do a couple of days per month on something AONB related. I think the team really enjoyed the day last week, and I think the stone carving was the top activity. The Skanska 'plinth' is apparently on display in the office! Speak later in the month,	Yes	y

26/08/2019	Complaint	Planning	Facebook PM	I have just seen a report on a planning application for a significant number of houses in Chalford Hill. The site is within the AONB and you were a consultee but haven't bothered to respond. This has been taken as you having no objection to the proposal so it is likely that the plan will be approved. I think this is shameful, I know this is on the edge of the AONB but am angry that you couldn't be bothered to respond.	Yes	JM sent email on 25/09/19 received a positive response on the same date. JM also commented on this planning application on 24/09/19.

02/12/2019	Compliment	Wardens	Email	In the area of Temple Grafton on the outskirts of Stratford, there has been, for almost two years, a footbridge on a ROW which has been in need of replacing. I have contacted the Council who stated that the repairs may be carried out in the summer of 2020. As a result from advice from the RA, I sent a Section 56 to the Council. Within a matter of weeks, the work was completed by your volunteers. I'm very pleased that the ROW can now used for the entire length thanks to the work of your organisation. Please pass on my thanks for the time and effort. Without such organisations such as yourselves who offered their services for free, the Council would indeed be in dire straits.	No	N/A

21/01/2020	Compliment	Rural Skills	Email	The second day in the woods was perfect for me. I love that sort of thing even if I am not a coppicing natural. My only suggestion is that because some people were more 'fish out of water' it could be better if some form of basic shelter could be provided for when it rains, together with better planning for getting a fire going. From a personal perspective though it was fantastic and I'll be very keen to go back and have a look in the summer."	No	N/A
21/01/2020	Compliment	Rural Skills	Email	Forwarded email from participants in corporate day. In respect of feedback to Ed, well, what an excellent guy and his passion for what he does was so evident. 30/01/2020	Compliment	Wardens	Email	I was hoping you might be able to supply me with the contact details of two charming gentlemen who spent the best part of yesterday redirecting the public footpath that crosses our fields, and re-installing a kissing-gate in a new location. I did meet up with them earlier in the day, but when I checked later, they had already completed their mission. My wife and I are extremely grateful for the splendid work they did and I feel very bad I wasn't able to thank them again personally.	Yes	RJ passed onto Wardens

14/02/2020	Complaint	Planning / Land Mngmt	Phone call	Phone call received about a tumbledown dry stone wall being removed / repaired along the B4081 near Chipping Campden. The call was originally fielded by our Finance and Office Administrator and then passed on to our Planning & Landscapes Officer when the caller advised that she wanted to 'speak to somebody more senior'. The caller advised that the wall, in its current state, provided a beautiful habitat with various lichen and mosses. She wanted to know what could be done to stop the removal / repair and, in particular, what the Board could do about it. She was frustrated because she had already contacted the District Council, the Highways Dept and Natural England without, in her view, receiving a helpful response. She was not satisfied with my explanation that repairing and reinstating dry stone walls is an essential component of conserving and enhancing the natural beauty of the AONB. She said that 'you should be ashamed of yourselves' and hung up.	No	N/A

I'll keep an eye on the Cotswold Rural Skills website for future courses. Many thanks! Additional comment: other participants reflected Alison's response, with several trainees booking other courses simultaneously: i.e. coppicing / Lantra Level 1 dry stone walling).	No	N/A
